

350X260X125

The logo for DEXTER, with "DEX" in orange and "TER" in dark blue, separated by a stylized arrow pointing right.[illegible]

The diagram shows seven types of stress on mechanical components:

- Compression:** A block with arrows pointing inward from the top and bottom.
- Tension:** A block with arrows pointing outward from the top and bottom.
- Shear:** A block with arrows pointing in opposite directions along parallel planes.
- Bending:** A beam being curved by two opposing forces.
- Torsion:** A shaft being twisted by two opposing torques.
- Vibration:** A block with a wavy arrow indicating oscillatory motion.
- Fatigue:** A block with a crack line and a wavy arrow indicating the progression of a crack over time.

[illegible]
